Applications for educators and alumni of this school should be submitted here.

## アカデミックフェアとは？

校内で同時進行する探究的な学びの成果を一堂に発表し、学びの質を確かめ、高め合うためのイベントです。当日は、探究成果の発表に加え、IBDPのコア科目であるTOK(知の理論)の発表、およびIBに関する公開授業や座談会も実施し、学校全体の学びの現状を広く発信します。

## What is an Academic Fair?

The Academic Fair is an event designed to showcase the results of exploratory learning happening concurrently throughout the school, providing a platform to assess and enhance the quality of learning. On the day, in addition to the presentations of these exploratory results, we will also feature the TOK (Theory of Knowledge) Exhibition—a core subject of the IBDP—along with IB open classes and roundtable discussions, thereby broadly communicating the current state of learning across the school.
